

WEYERMANN® Bamberger Hofbräu® Lager

Beer description

The concept behind our Bamberger Hofbräu® Lager is to showcase the unique aromatics of Barke®, one of the world's classic brewing barley varieties. The beautiful golden color of the beer and the long-lasting head of foam create the perfect first impression. In the nose and on the palate, the Barke® reveals its rich glory. There are notes of straw, grain, and light toffee riding on a surprisingly substantial mouthfeel. The hop bitterness is mild, as is typical in a well-balanced lager with great drinkability. As a culinary companion, this beer goes well with tuna or chicken, or with a light salad.

Beer style

Lager beers are bottom-fermented, crystal clear and range in color from straw yellow to dark golden. They have white head which dissipates fairly quickly. The intensity of the hop aroma varies from low to strongly noticeable. Lager beers are characterized by maltiness and have aromas of grain and bread crust.
