

WEYERMANN® Nr. 13 Oatmeal Stout

WEYERMANN® SPECIALTY MALTS

Beer description

Our Weyermann® Oatmeal Stout catches your eye with its pitch-black color and its fine, beige head. The roasted malts lend this beer their characteristic aroma and - combined with notes of vanilla, chocolate and caramel - invite you to take your first sip. This enticing aroma and the soft and creamy texture from the oatmeal provide a unique tasting experience with hints of licorice passing over the tongue. A chocolaty finale concludes this wonderful drinking experience.

This delightful beer is an ideal companion for smoked meat and fish, the finest of blue cheeses, and chocolate-based desserts.

Beer style

Stouts are top-fermented, dark brown to almost black in color, with fine-pored, very firm, light brown head. The smoky aroma ranges from nothing to strong. Beside the strong malty aroma, which is characterized by hints of coffee, cocoa and roasting notes of dark berries can emerge. The hoppy aroma is usually subtle, yet the bitterness of the hops. Stouts can have either a dry or sweet taste.
