

**WEYERMANN® CARAFOAM®**

Made from the finest German quality brewing barley. Due to our special malting process, this malt is characterized by a high proportion of dextrins and high molecular weight proteins. This makes CARAFOAM® ideal for improving foam and its stability as well as adding body to any beer. Due to the light malt color, CARAFOAM® can be used universally from the brightest to darkest beer styles.

**Sensory:** malty-sweet with light caramel notes
